Company

We have been feeling at home in Eurasia

We not only know the habits and common practices of the European and Asian market very well, but also implement a sustainable company policy in a consistent way. Our passion is not a short-term economic success, but your long-term satisfaction.

Via our foreign subsidiaries, associated and cooperation companies we are also locally available with competent contact partners to provide services whenever and wherever needed.

- *25 years of experience*
- *Owner managed*
- *Extensive network*
- *Offices and agencies in Eurasia*
- *Linguistic expertise and cultural competence*
- *Certified procurement security*
- *Handling and transport of chemical products*
- *SQAS-attestation / DIN ISO 9001*

On the way in Eurasia

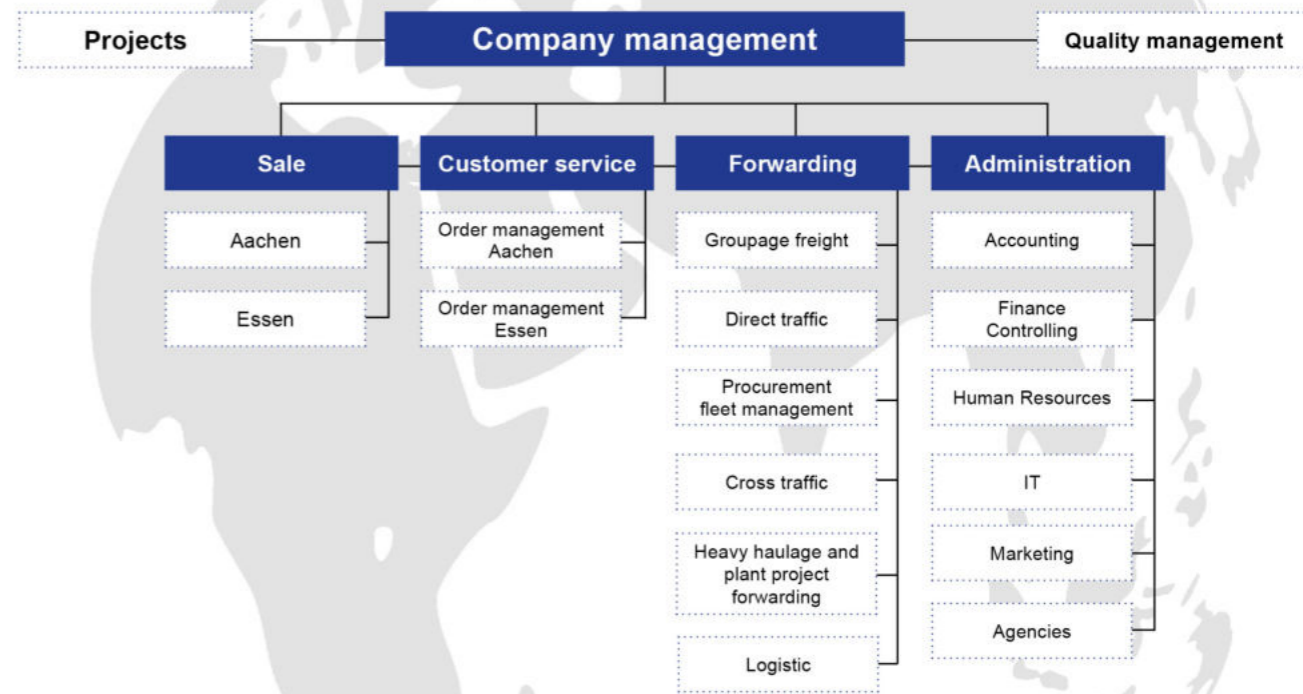

From Lisbon to Vladivostok

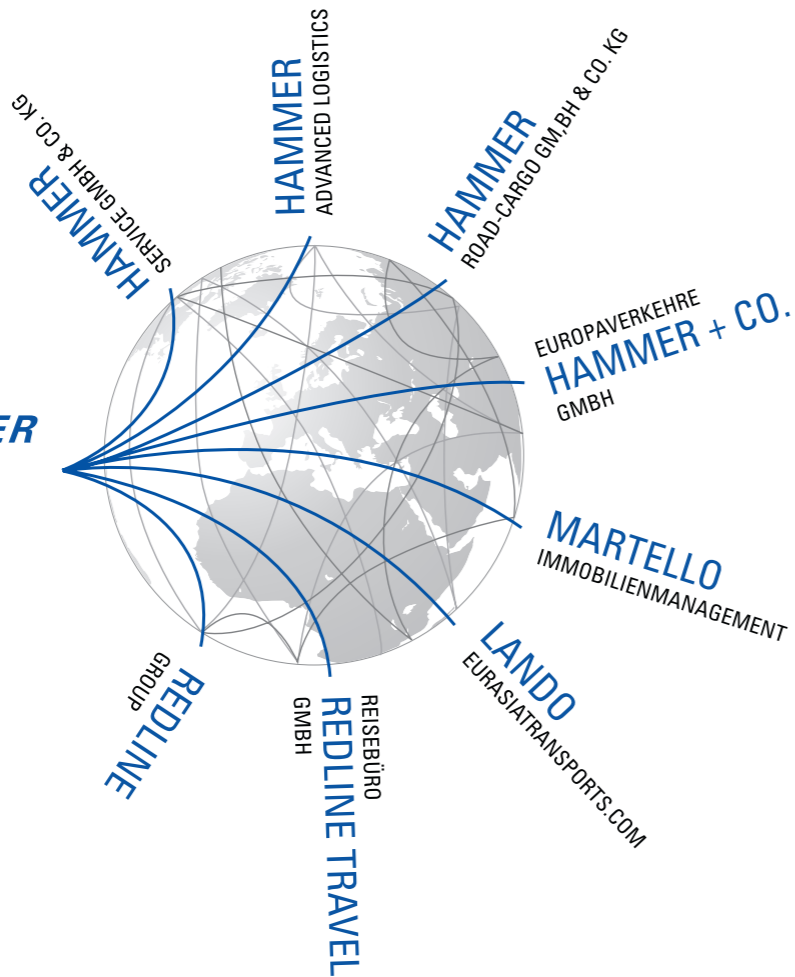

Western Europe in cooperation with:

Organisation of the LANDO-Group

Hammer-Group

The Hammer-Group is a symbiosis of transport and logistic companies. The group employs 520 staff members and generates an annual turnover of 110 million Euros. The LANDO Eurasia is part of the Hammer-Group since 1999.

High Value

In particular for high-value and safety-sensitive goods it is absolutely essential, to prevent theft, damage or loss. Here tailor-made safety concepts are crucial for success.

With the four-stage safety programme of **Premium Cargo** you are offered a **safe solution** from one hand - from individual parts to full truck load. Safety standards exactly adaptable to your specific requirements around storage, packaging of assembly groups and transport guarantee you optimal safety in every phase. After detailed discussions on packaging, safety and transport optimisation,

our specialists will work out an integrated concept for you. From high-quality basic performances to excellent safety modules e.g. safety escorts by an accredited security service, including direct delivery at any selectable time by our qualified personnel.

This is the only way to rule out risky transshipments, hubs or waiting times.

The field of high value transport is covered in cooperation with our affiliate Hammer.

high value

Hammer
Advanced Logistics

Heavy-lift and industrial plant transport

In this supreme discipline, we above all master the high and manifold requirements at transports and projects from/to Eurasia. Besides the pure implementation of transports, we on request also offer you additional complex services. Our competence is based on long years experience and grown contacts to industrial, private and official contact partners. We also want you to benefit from our comprehensive service from one source. LANDO Eurasia GmbH Internationale Spedition is able to coordinate the implementation of all work involved.

- *disassembly and reassembly of machines and plants*
- *engineering*
- *provision of personnel and special equipment*

Convince yourself!

- *heavy haulage project logistics*
- *national and international handling of overlapping transport modes*
- *special transports by land, sea, rail and air*

The LANDO Eurasia GmbH Internationale Spedition on request also offers you additional services, which are often inseparably connected to transport:

- *consultancy*
- *packaging and dispatch planning*
- *container stowage*
- *country-specific approval services*
- *route surveys, site visits*
- *static calculation*
- *accompanying of transports and traffic-guiding measures*
- *crane and lifting services*

SQAS Attestation

Safety and Quality Assessment for Sustainability

LANDO Eurasia GmbH Essen

Report: 89635
Date: November 23, 2021
Country: Germany
Module: Transport Service
Re-assessment: Expires on November 23, 2024

Summary Report

Overall score of the company: 81%

Industry Range of scores per section

This chart shows the average scores of every SQAS section and the European average scores of every SQAS section of all companies with active reports that belong to the same SQAS module and the same questionnaire version.

The SQAS summary report is a statement of facts and this does not express any appreciation of the company's performance. The SQAS assessment is valid for 3 years.

ZERTIFIKAT

DIN EN ISO 9001

The Certification Body of DGZ mbh hereby certifies that company

LANDO Eurasia GmbH Internationale Spedition

Am Lichtbogen 36
45141 Essen

with the scope:

international forwarding including heavy-lift and industrial-plant-transports, in particular in direction to eastern Europe or/and Eurasia

Report-Nr.: 02-559006923
Certificate Registration n°.: 06-9896384923
Date of certification: 13.06.2023
Valid until: 11.06.2026

has introduced and effectively applied a quality management system according to DIN EN ISO 9001:2015. The proof was provided in the context with the audit with the associated report. The certificate or the certification is valid for 3 years, provided that the annual surveillance audits will be completed in the established deadlines with positive results.

Quality and security

All suppliers and haulage contractors – including our foreign subsidiaries and associated companies – have been selected on the basis of a strict way of procedure defined in the QM-system. With the aid of IT-access rightsmissing release or exclusion of a freight carrier automatically causes that the use of an unqualified or negatively evaluated freight carrier, simply for technical reasons, is not possible.

The success of these measures is also confirmed by the claim rates having been **low for many years**. Last year LANDO, in this process, with about 40 staff members in Germany, handled approx. 2.000 positions monthly in freight transport from and to Europe and Asia.

You demand

- *improvement of the delivery service*
- *strengthening of customer orientation*
- *securing long-term competitiveness*
- *avoiding damages*
- *Red-Flag-Management*

We offer

- *long years of experience in transport of hazardous goods for the chemical industry (ADR)*
- *DIN EN ISO 9001:2015*
- *SQAS assessed company*
- *2 EU security advisors (ADR)*
- *daily ADR departures*
- *strict selection and support at cargo stowage procurement resulting in constantly low damage rates*
- *constructive and pro-active handling of the subjects cargo securing, protective equipment, on-time delivery or Red-Flag Management*

...meaning for us just a day-to-day business!
